Windows: Qt jpeg plugin fails

17/11/2017 11:42 AM - Souedet, Nicolas

Status:	Closed	Start date:	17/11/2017
Priority:	Normal	Due date:	
Assignee:	Souedet, Nicolas	% Done:	100%
Category:	casa-distro	Estimated time:	0:00 hour
Target version:	brainvisa-4.6	Spent time:	0:00 hour
Resolution:			
Description			
This occurs in qt 4.8.6 plugin (qjpeg4.dll linked with jpeg62.dll). At least three possibility to fixthe issue: - use the option qt-libjpeg to use internal qt lib for jpeg plugin (need to rebuild qt) - fixes jpeg62 library use (either in qt plugin calls either in jpeg62 library) - install library jpegturbo 8 (version 1.3.0)
